

TURF MARKING FOAM

KEEP OUT OF REACH OF CHILDREN WARNING

PRECAUTIONARY STATEMENTS

Causes eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Wash protective equipment and work clothes thoroughly after handling. Specific treatment is given in the First Aid section on this label or on the SDS.

FIRST AID

- If Swallowed:** Rinse mouth. Have person sip a glass of water if able to swallow. Do NOT induce vomiting, unless told to by a poison control center or doctor. Do not give anything to an unconscious person.
- If in Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.
- If on Skin:** Wash affected area with plenty of soap and water. Use tepid water if available. If skin irritation occurs: Get medical advice or attention.
- If Inhaled:** Move person to fresh air. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration.

GENERAL INFORMATION

RUNWAY Turf Marking Foam is formulated to minimize golfer awareness of pesticide applications compared to agricultural-type marking foams by dissipating quickly without permanently discoloring sensitive grasses. RUNWAY is ideal for rough and fairway applications where agricultural marking foams may last too long or where spray pattern indicators can discolor equipment.

DIRECTIONS FOR USE

Fill foam tank one-half full with water and add RUNWAY at the rate of 3 ounces per 2 gallons of water. Fill remainder of tank with water by placing the water hose in bottom of tank. Fill slowly to avoid premature foaming.

If foam is watery or runny, add more concentrate in small increments until thick "shaving cream" foam is produced. If foam is too thick, add water.

With extreme hard water, an increased amount of concentrate will be needed. Best results will be achieved if water temperature is 55° to 80°F. If water temperature is below 55°F, more concentrate may be needed to achieve desired results.

Foam-generating tanks should be clean and free of other chemicals before adding concentrate. When used in a tank previously exposed to other foamers, it is strongly recommended that the system be purged thoroughly at least two times, or use Precision Laboratories, LLC' AGRI-KLEENT™ and refer to label for information on how to clean foam systems.

SHAKE WELL BEFORE USING

STORAGE AND DISPOSAL

Protect product from freezing. Store above 32°F. If frozen, rise to room temperature, thaw completely and thoroughly mix prior to use. Store in original container only. Keep container closed in storage. Do not allow water to be introduced. Always dispose of container in a safe manner in accordance with federal, state and local regulations.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
